THE FOLLOWING MOTION WAS PRESENTED  
BY MR. EHLERS:

Having in mind that the present transit problem as it effects the public generally has reached a critical stage by reason of the long duration of the strike, notwithstanding the excellent efforts of the Federal Conciliators, The Mayor of the City of Indianapolis, his committee of citizens and others, to bring about an understanding between the company and the union, so as to settle the differences existing between them, and restore to the riding public the necessary transportation and bring back more normal conditions for merchants, industry and all other businesses, but believing that no effort should be left undone, and no avenue for settlement should be left unexplored, now therefore,

I move that the President of the Common Council of the City of Indianapolis appoint a committee for the two-fold purposes of (1) investigating the relationship between the Indianapolis Transit System and the City of Indianapolis, including whether said Company holds a franchise from the City, and (2) of ascertaining what relief, if any, can be secured for the public generally, from the inconvenience, dangers and difficulties which have been forced upon them by the continuation of the transit strike.

That said committee, to the extent permitted by law, shall have the power of subpoena, and shall be authorized to conduct a full investigation, provided, however, that it shall in no way interfere with or attempt to take the place of any other duly constituted federal, state or municipal authority, but shall conduct its business so as to supplement the efforts of others, and to give its full assistance to the needs and requirements, of the public generally without engaging on behalf of, or against, the particular problems of either management or labor in the current dispute.

By CHARLES P. EHLERS, Councilman

Which was seconded by Mr. Brown, and adopted by the unanimous voice vote of the Council.
