The City Attorney submitted the following report :

INDIANAPOLIS, March 13, 1876,

To the Mayor and Common Council of the City of Indianapolis:

*Gentlemen* :—I herewith submit for your consideration a proposition from the State Board of Agriculture.

Respectfully submitted,

CAS. BYFIELD,

City Attorney.

INDIANAPOLIS, February 25, 1876.

Cas Byfield, Esq., City Attorney :

*Dear Sir* :—We are authorized by the State Board of Agriculture to propose an adjustment and compromise of the matter of the deepening of the State Ditch.

The Board proposes that all proceedings on account of the widening and deepening of the ditch, on the part of the Board will be waived if the city, on her part, will do two things, (which the Board believe she is in fact bound to do,) to-wit :

1st. Cause all earth, sand and gravel taken from the ditch upon the line of the grounds belonging to the State Board, to be deposited upon or near the line of the ditch thereon, and to allow the Board to use the same in making proper and necessary fills adjacent to said ditch.

2d. Put in the repair they were in when the work of deepening said ditch was commenced, the bridges constructed by the Board across the said ditch.

As to the first thing asked of the city, it is certainly just, for the Board think that the city has clearly no right to take soil and use it. Even if the ditch was to be placed upon the same footing as a street, it is clear that the city has no power to give or sell to the contractor the soil. It certainly cannot be urged that the city has any better right to the ditch (as the Board insists the city has no right at all,) than to a street, and it is well settled that she cannot sell the earth taken out of streets. The Board, if this proposition is accepted, will waive all claim to any material heretofore taken away by the contractor.

As to the second requirement made by the Board, it is so plainly just that it is thought no possible objection can or will be made. If in deepening the ditch the bridges were injured, as they were, by the work, surely it is the duty of the city to repair them.

May we ask you to present the matter to the honorable, the Mayor and Common Council.

THE INDIANA STATE BOARD OF AGRICULTURE.

By Elliott & Ayres, Attorneys.

Which was referred to the Committee on Judiciary and the City Attorney.

Also, the following report :

INDIANAPOLIS March 13, 1876.

To the Mayor and Common Council of the City of Indianapolis :

*Gentlemen* :—I herewith submit a proposition from property holders taxed with the cost of constructing the North Illinois street sewer, to pay sixty per cent. of the assessment. I suggest that, in view of the fact that a large section of the city is drained and benefitted by said sewer, that it would hardly be equitable to compel those whose property immediately abuts upon the street to pay the whole cost. I therefore think the proposition ought to be accepted.

I believe the entire assessment can be enforced by process of law.

Respectfully submitted,

CAS. BYFIELD,  
City Attorney.

INDIANAPOLIS, March 13, 1876.

Hon. Cas. Byfield, Attorney of the City of Indianapolis :

*Dear Sir* :—In the way of settling the controversy between the property owners on and along Illinois street, north of Washington street, and the assessment on their lots fronting on said street, we make the city the following offer by way of compromise, namely : Said property owners respectively will pay the said city sixty per cent. of the assessment made upon their said lots, on account of said assessment, if the city will accept said sixty per cent. thereon, without interest, damages or any costs, or addition thereto, for or on account of delay on their part to pay the same.

This is offered as a compromise: and not absolutely, or because they think the assessment right in any part.

Respectfully and truly,

TRUSLER & GORDON,  
Attorneys for Property Owners.

Mr. Ransdell moved that the property owners be granted 60 days time in which to pay the 60 per cent. of assessment.

Which, on motion of Mr. Gimber, was laid on the table.

Mr. Ransdell moved to refer the report back to the City Attorney and the Committee on Judiciary.

Which, on motion of Mr. Thalman, was laid on the table.

The report was then not concurred in.

## NEW BUSINESS.

Mr. Adams presented the following petition:

INDIANAPOLIS, March 10, 1876.

To the Mayor and Common Council of the City of Indianapolis:

*Gentlemen*:—Joseph Caylor, a citizen of Indianapolis, petitions you to refund to him certain taxes for the year 1874.

The schedule of credits, stocks and other personal property of 1874, of Joseph Caylor, shows that the total value of his credits, above his indebtedness, was thirty nine thousand and forty (39,040) dollars. Most of said credits consisted of promissory notes, which the said Caylor had received for his farm in Center township, Marion county, Indiana.

Shortly after the said schedule was made by the said Caylor, he was obliged to take most of the said farm back on account of the inability of the vendees of said farm to pay said notes. At the time he took said farm back he delivered to said vendees thirty three thousand (33,000) dollars of the said notes.

Wherefore, he prays your honorable body to cause to be refunded to him the taxes for the year 1874, which he has paid on the thirty-three thousand (33,000) dollars in notes, he believing the said taxes to be inequitable.

JOSEPH CAYLOR.

State of Indiana, Marion county, ss:

Personally appeared before me, G. W. Alexander, a Notary Public, in and for said county and State, Joseph Caylor, who being duly sworn according to law says that the foregoing affirmations and statements are true to the best of his belief, and in witness thereof he subscribed his hand and seal as his voluntary act and deed.

In witness whereof, I have hereunto set my hand and official seal, this 11th day of March, 1876.

G. W. ALEXANDER,  
Notary Public.

Which was referred to Committee on Accounts and Claims and City Assessor.

Also, the following petition:

INDIANAPOLIS, March 13, 1876.

To the Mayor and Common Council of the City of Indianapolis:

*Gentlemen*:—Your petitioner shows, that on the 10th day of March, 1873, he purchased at the sale for city taxes, lot 27, in out-lot 108, in Vajen's subdivision, paying

therefor the sum of \$6.35. He is advised by the City Treasurer that the sale was an erroneous one, the property having been twice assessed. The taxes on said lot were paid upon the assessment in the name of Wm. Hensley, while the sale took place on an assessment in the name of S. B. Porter. The city has therefore received double payment for the same property. Wherefore, the petitioner asks to have the purchase money refunded to him. The statement of the City Treasurer and the certificate of sale are hereto annexed.

HENRY D. PIERCE, his Attorney.

WILLIAM H. LYONS.

I hereby certify to the truth of the foregoing petition. The city has received its money twice, once in the payment of taxes and once by the sale recited.

INDIANAPOLIS, March 13, 1876.

To the Mayor and Common Council of the City of Indianapolis :

*Gentlemen*:—The undersigned, citizens and property owners in the city of Indianapolis, respectfully but earnestly protest against the assessment of damages and benefits made by the City Commissioners, in the matter of opening and laying out Rohampton street from Seventh street to Lincoln avenue, for the following reasons, viz :

1st. The amount of damages awarded the property owners whose lots or parts of lots are appropriated for such street is in many instances entirely too high, being more than the ground taken is worth.

2d. The assessment of benefits is unjust and unequal.

3d. That \$1,041.00 out of \$8,725.00 benefits assessed, is assessed against persons who never were notified of the meeting of the City Commissioners, and which sum of \$1,041.00 can not be collected by law, consequently will be a loss to the city.

In conclusion, we respectfully petition your honorable body to take no action on the report, or if action be taken that you reject the same.
