COMMUNICATIONS, ETC., FROM MAYOR.

His Honor, the Mayor, presented the following communication :

EXECUTIVE DEPARTMENT,
CITY OF INDIANAPOLIS,
September 18, 1893. }

To the President and Members of the Common Council of the City of Indianapolis:

GENTLEMEN—I herewith submit to you the report of the City Comptroller, made to me, showing the estimated receipts and expenses of the city during the fiscal year commencing September 1, 1893. These amounts have been carefully considered by the various Boards, and then revised by the Comptroller and myself, and I recom-

mend them to you as substantially correct. To pay these estimates will require a levy of sixty (60) cents on the one hundred dollars, in addition to a fifty (50) cent poll.

Section 50 of the charter makes it your duty to finally determine these estimates with the limitation that they can not be increased, but having once fixed them you must make a rate sufficiently high to pay such estimates.

Respectfully submitted,

THOMAS L. SULLIVAN,
Mayor.

Read and referred to Committee on Finance.

REPORTS, ETC., FROM CITY OFFICERS.

Very respectfully,

WILLIAM WESLEY WOOLLEN,

Which was read and referred to Committee on Finance.

The second installment of the tax duplicate will not accrue until after the expiration of the present fiscal year, but the city will have, in lieu thereof, the second installment of the duplicate of 1892. The account will thus stand:

Second installment, 1893	\$247,523 86
Second installment, 1892	217,184 81

A difference of	\$30,339 05
Surplus on the basis of duplicate, 1893	8,103 80

Which leaves a deficiency of \$22,235 25

Which must be met by anticipating the second installment of the tax duplicate of 1893.

I therefore recommend that the Common Council be asked to make a levy of sixty cents (60c.) on each \$100 valuation of property, and fifty cents (50c.) on each poll, for the purpose of raising revenue for the fiscal year beginning today.

I also recommend that the Council be asked to make appropriations to cover the foregoing estimates, and in addition that the several balances standing to the credit of the different funds on the Comptroller's ledger be re-appropriated with the exception of that to the credit of "Street and Alley Improvements," amounting to the sum of \$47,034.84, which should be placed in the general fund.

During the present fiscal year the following bonds will become due: Southern Park purchase, January 26, 1894—\$109,500. Series "C," July 1, 1894—\$300,000.

In addition to these the \$600,000 which matured July 1, 1893, and were not paid on account of the failure of Coffin & Stanton to take our refunding bonds, must be cared for. These latter bonds can be taken up at any time by giving thirty days' notice and paying one-half of one per cent. for the privilege. All of these bonds, which the holders did not choose to retain, have been cashed and are held by the New York Life Insurance Company.

All these bonds must be refunded, as the city will not be in a condition to pay them: The \$621,000 of refunding bonds, dated July 1, 1893, and sold to but not taken by Coffin & Stanton, are in the hands of Winslow, Lanier & Co., of New York, on deposit, having been left there by the City Treasurer.

Very respectfully,

WILLIAM WESLEY WOOLLEN,
City Comptroller.

To Honorable THOMAS L. SULLIVAN, Mayor.

These bonds were issued and turned over to the City Treasurer for sale, who has filed receipts for \$28,000.00 in my office, that being the amount sold up to the first day of September, 1893.

On the 26th of May last the City Comptroller awarded to Coffin & Stanton of New York, \$621,000 of the city's $4\frac{1}{2}$ per cent Thirty-year Refunding Bonds, at par; they having made the highest offer for them of any of the bidders. They deposited with the Merchants' National Bank, of this city, to the credit of the city, \$31,050, for which the bank issued to the city her certificate of deposit, in regular form, payable to the order of the City Treasurer. This deposit was made to insure the taking of the bonds by Coffin & Stanton, and the amount was to forfeit to the city in case they failed to do so. They did fail, and when the City Treasurer presented said certificate to the Merchants' National Bank and demanded payment thereof, payment was refused on the ground that Coffin & Stanton had notified them not to pay said certificate to the city. Subsequently, Coffin & Stanton commenced suit in equity in the U. S. Court of Indiana against the city, asking that she be enjoined from collecting the same, and that said certificate be delivered to them. I have asked the City Attorney to see that this suit is prosecuted to a finality at the earliest possible moment. I have no doubt the city will recover this money, with interest thereon from the date of demand, and that she will retain so much of it as is necessary to make her whole in the premises.

On account of the failure of Coffin & Stanton to take \$621,000 of the city refunding bonds awarded them last May, which was to be taken and paid for on the 1st day of July last, the city was unable to pay, at maturity, \$600,000 of her 7-30 bonds, due July 1, 1893. I have the pleasure of informing the Council that I have made arrangements with the New York Life Insurance Co. to cash and hold until the 1st of July next, (unless the city elects to pay them sooner,) all of these bonds, which the owners did not choose to hold. The Company is to receive 7.3-10 interest on the amount of her outlay, (the same rate of interest the bonds have hereto drawn,) and the city has the right to pay them off at any time after the 1st of January next, by giving 30 days' notice and paying one-half of one per cent. for the privilege. This arrangement enables the city to keep her refunding bonds out of the market until next year, by which time it is believed there will be a demand for them at a price she can stand.
