**From City Controller:**

DEPARTMENT OF FINANCE,  
OFFICE OF CITY CONTROLLER.  
INDIANAPOLIS, IND., November 21, 1910.

*To the President and Members of the Common Council:*

GENTLEMEN: I submit herewith a communication from the secretary of the Board of Park Commissioners asking me to recommend an appropriation in the sum of \$1,987.00 to cover an assessment of benefits levied against the Board of Park Commissioners for the opening of Twenty-fifth street, from Senate avenue to Capitol avenue.

I submit herewith an ordinance providing for the appropriation asked for, and recommend its passage.

Respectfully submitted,  
HOWARD KIMBALL,  
*City Controller.*

DEPARTMENT OF PUBLIC PARKS,  
OFFICE OF THE BOARD.  
INDIANAPOLIS, IND., November 19, 1910.

*Mr. Howard Kimball, City Controller, City:*

DEAR SIR: I am directed by the Board of Park Commissioners to ask that you kindly recommend to the Common Council the appropriation of the sum of \$1,987.00, to cover an assessment of benefits levied against the Board of Park Commissioners for the opening of Twenty-fifth street, from Senate avenue to Capitol avenue. I am enclosing you herewith copy of a letter received by this Department from the City Attorney, calling the attention of the Board of Park Commissioners to the fact that this assessment is past due and unpaid.

You will recall that this opening was made on the petition of property owners west and north of the intersection of Twenty-fifth street and Senate avenue. The opening was not in any sense of the word absolutely essential to the working out of the Fall Creek Parkway plans at Capitol avenue, but it was so obviously of benefit to the property owners who petitioned for it, that this Department joined with them in representations made to the Board of Public Works as to the desirability of the opening. This Department, in addition to joining in the petition for the opening, donated more than half of the ground necessary to provide a right-of-way for the new street. In view of these facts, the Board of Park Commissioners feels that the additional expense assessed against it by the appraisers appointed in the opening proceedings is not properly chargeable against the Board of Park Commissioners as such, but is more particularly a benefit to the city as a whole, and on this account would respectfully request that a special appropriation be made in the amount named.

The Board of Park Commissioners feels that this request can be made

with propriety because hitherto the assessments against city park land on account of public improvements, such as the laying of sidewalks, paving of streets and building of sewers, have not been paid out of the general park fund, but have been paid either out of the annual appropriation to the Board of Public Works for the payment of municipal assessments or have been covered by special appropriation by the Common Council. The Board feels that the assessment levied against the Fall Creek parkway for the opening of Twenty-fifth street is essentially of a kind with the sort of assessments I have just enumerated.

A forecast of the financial condition of this Department for the period ending May 1, 1911, shows a probable deficit at that time of approximately \$1,000. It must, therefore, be apparent that it would be impossible for the Board of Park Commissioners to pay this charge for the Twenty-fifth street opening out of its current fund without seriously embarrassing the Department. At the direction of the Board, I am sending a copy of this letter to the Mayor.

Yours very truly,  
 LEROY E. SNYDER,  
*Secretary Board of Park Commissioners.*

From City Controller:

DEPARTMENT OF FINANCE,  
 OFFICE OF CITY CONTROLLER.  
 INDIANAPOLIS, IND., November 21, 1910.

*To the President and Members of the Common Council:*

GENTLEMEN: I herewith submit a communication from the City Attorney regarding the passage of an appropriation ordinance to pay certain claims against the city on account of reductions in assessments on the Pleasant Run interceptor (sewer) by order of the Marion Circuit Court, said assessment having been made under Improvement Resolution No. 4593, approved by the Board of Public Works November 3, 1909.

I submit herewith an ordinance providing for the appropriation and recommend its passage.

Respectfully submitted,  
 HOWARD KIMBALL,  
*City Controller.*

DEPARTMENT OF LAW,  
 CITY OF INDIANAPOLIS.  
 INDIANAPOLIS, IND., November 17, 1910.

*Mr. Howard Kimball, City Controller, City:*

DEAR SIR: Mr. Rappaport has submitted to me memoranda of reduced assessments on the Pleasant Run Interceptor (sewer), bearing your verification, and so far as I know, if the figures are accurate, there should be an appropriation made to meet this reduced assessment. The Court's order for the reduction and the allowance against the city is sufficient grounds for the appropriation ordinance to meet the amounts.

Yours very truly,  
 MERLE N. A. WALKER,  
*City Attorney.*

(6) The said party of the first part herein binds himself to hold said party of the second part and said city harmless from any and all claims for damages growing out of the existence, maintenance or use of said track, and to pay any judgment, with costs, that may on that account be rendered against the said party or said city, and also to pay all necessary expenses that may be incurred by said city in defending against any such claims.

(7) Any violation of any of the provisions of this instrument by said party of the first part, or by any one for it or at its instance or with its permission, shall operate as an immediate and absolute forfeiture of the privileges and authority given or granted by this contract; provided, however, that the same may be terminated by said Board, as hereinbefore set forth.

Said party of the second part by virtue of the provisions of an act of the General Assembly of the State of Indiana, entitled "An act concerning municipal corporations," approved March 6, 1905, and in consideration of the things hereinbefore set forth and upon the terms and provisions stipulated, hereby gives, grants and duly vests said party of the first part the right, privilege and authority to lay and maintain an additional sidetrack or switch across \_\_\_\_\_ in the City of Indianapolis, all as shown by the drawing attached hereto, filed herewith and for greater certainty marked "Exhibit A."

#### MISCELLANEOUS BUSINESS.

INDIANAPOLIS HUMANE SOCIETY, INDIANAPOLIS, IND., NOV. 18, 1910.

*To the Honorable City Council, Indianapolis:*

GENTLEMEN: There are perhaps more lives saved and more accidents averted by the policemen who stand all day at the street crossings than through any other single agency in the city. These men are not there through choice, but are detailed to this work and must do it or give up their jobs. Standing all day long in one position, with but little relief or change, is bad enough when the weather is fine, but from now on until spring the state of the temperature and the lack of proper exercise will cause these men more or less suffering from cold feet, and when a man's feet are cold he is cold all over, and when they are warm he is fairly comfortable.

Those of us who pass the corner policeman, day after day, and note his pleasant nod and smile to the passerby, do not think that while we are shivering from going only a few blocks, perhaps, that these men are facing the wintry blasts all day long.

Now, if the city can, at no great expense, provide places at the street crossings which are connected with the steam heat supplied to the business men, where these guardians of the people can be made more comfortable by at least keeping their feet warm, we beg to suggest that from a humane standpoint it should be done.

These men are selected for their efficiency and no doubt any of them would prefer to travel all day on a beat than to stand at the crossings, but it must be done, and they are chosen to do it, and they should not be compelled to suffer from the cold any more than is absolutely necessary while performing this duty. We do not believe the taxpayers of this city, when they consider what is being done by these men, would object to a few hundred dollars that it would cost to keep them fairly comfortable.

Respectfully submitted,

INDIANAPOLIS HUMANE SOCIETY,

C. F. SURFACE, President.

Mr. Denny moved the communication be received and referred to the Board of Public Works. Carried.

By Mr. Denny:

Resolution No. 6—1910:

*Whereas*, The street car service in this city has become wholly inadequate, and is a source of continuous and increasing danger, discomfort and inconvenience to the public; and,

*Whereas*, Under the respective franchises of the Indianapolis Street Railway Company and Indianapolis Traction and Terminal Company the right is reserved to the city to exercise, through the Board of Public Works, such reasonable control over the operation, maintenance and construction of the lines of street railway as will secure efficient and first-class service; and,

*Whereas*, Under the said respective franchises the power is also reserved to the Common Council of the city "to enact reasonable ordinances providing for the safety, comfort and convenience of the public traveling on lines of street railway in said city"; and,

*Whereas*, It would be confusing and inexpedient for the Board of Public Works and the City Council concurrently to attempt to remedy the abuses to which the traveling public is now subjected; now, therefore,

*Be it Resolved*, by the Common Council of the City of Indianapolis, That it is the sense of this body that immediate and vigorous steps should be taken by the proper authorities to require the companies operating and owning the street car lines in this city to comply with their obligations to the public, and that the Board of Public Works be respectfully requested to advise this body fully in writing at its next regular meeting, what, if anything, said board has done or proposes to do to require said companies to "render to the public at all times first-class and efficient service," to the end that this body may determine the necessity of its exercise of its powers in this regard.
