INDIANAPOLIS, IND., February 15, 1913.

*Hon. Fred C. Owen, 912 Traction-Terminal Bldg., City:*

DEAR MR. OWEN: With reference to the resolution passed by the Common Council of the City of Indianapolis, concerning the power of the Board of Public Works to permit the Indianapolis Traction & Terminal Co. to extend its tracks into the new car barn, I beg leave to

inform you that in my opinion the Board of Public Works has the power to grant this permission, and the same does not need the sanction of the Common Council. I have so advised the Board of Public Works and they have already granted the permission.

There is no doubt under the franchise of the Indianapolis Traction & Terminal Co. with the City of Indianapolis, that said company does not have the right to lay its tracks in any new street not named in said franchise in order to lay a new street car track for the use of the public without first getting the permission of the Common Council. This grant, in my opinion, however, is not granting the company the right to lay new tracks for such purpose, but is only for the purpose of giving more efficient service to the people of Indianapolis.

Section 15 of the Indianapolis Traction & Terminal Co. franchise provides that "at all times during the period of the franchise, the Board of Public Works reserves the right at all times to exercise such reasonable control over said traction company, and the operation, maintenance and construction of its lines as will secure efficient and first class service, and nothing contained in this contract shall be so construed as to abridge or restrict said rights so reserved."

In the opinion of the Board of Public Works, new car barns are necessary for more efficient service, and being necessary it is clearly within the power of the Board of Public Works to permit the traction company to get their cars into said barn from their tracks already laid. It is not giving them the right to lay new tracks for public travel, but only giving them permission to connect the barn with tracks already laid, so that cars can be run from the tracks into said barn. To do this, it was necessary to use a part of other streets in which tracks are not laid, and in my opinion the Board of Public Works clearly had the right to give the traction company such permission, and it does not need the sanction of the Common Council.

Respectfully yours,

JOSEPH B. KEALING,  
*Corporation Counsel.*
