Indianapolis-Marion County  
221 City-County Building  
Indianapolis, Indiana

Dear Tom:

To assist you in your deliberations regarding Special Resolution #23 "Authorizing submission of Model Cities Comprehensive Demonstration Plan and Second Year Program", I felt I should report the position I have taken since HUD requires the Mayor's action as well. HUD's purpose is to insure that local elected officials are involved and that Model Cities serves to increase the effectiveness of local government wherever possible. The language of the resolution itself merely authorizes the transmittal of the document to HUD. A second resolution will be requested at a later date to authorize the formal contract with HUD and the expenditure of funds.

Between now and then, I have said that the Model Cities Program should be reviewed by our normal budget process. This change is part of my recent attempts to strengthen the continuing planning and evaluation process of our program. Even as HUD is reviewing our submission we will be continuing this process. This will include a thorough project-by-project review of the Second Year Plan. In addition, I will be reviewing the plan in further detail in relationship to activities of other city departments and local agencies as their activi-

ties are highlighted through the annual budget process. Finally the CDA citizens structure and staff will be continuing the process of refining these projects, negotiating contract language and getting them in an execution-readiness status.

The Model Cities Program is on an accelerated implementation timetable which calls for this "Second Year" to begin September 1, 1971. Your timely decision on Special Resolution #23 wil help us to maintain our growing momentum.

Sincerely,

RICHARD G. LUGAR  
Mayor
