LJK/EHA

To the President and Members of the
Common Council of the City of Indianapolis.

Gentlemen:

In the case of *Reed v. Beczkiewicz*, 215 Ind. 365, the Supreme Court of Indiana held that cities and towns in this state are liable to the holders of assessment bonds issued on account of the improvement of streets, alleys and sewers in anticipation of the collection of assessments made on account of such improvement, to the extent of certain deficiencies in the funds for the payment of such bonds and the interest coupons thereon; among other things, deficiencies arising by reason of the prepayment of assessments and the stoppage of interest by operation of law. At the 1939 session of the General Assembly a statute was enacted empowering cities and towns to discharge such liability by the issuance to the holders of deficiency claims certificates of indebtedness bearing interest at a rate not exceeding three per cent per annum, and payable out of taxes to be levied and collected in accordance with the provisions of said act, or to issue the general obligation bonds of the municipality for the purpose of procuring funds to pay such deficiency claims.

After many deficiency claims had been presented, and requests for settlement made, I requested the State Board of Accounts to assist me in determining the liability of the City of Indianapolis under the above mentioned ruling of the Supreme Court, and said Chapter 89 of the Acts of 1939. I have now clearly determined and established that the liability of the City arising out of deficiencies resulting from the prepayment of assessments and consequent stoppage of interest

by operation of law is in the amount of \$118,677.54, the details of which finding are shown in my certificate and finding dated February 17, 1941, now on file in my office. After full consideration of the matter it is my opinion that it would be to the best interests of the City not to issue certificates of indebtedness to the holders of such deficiency claims, but to issue and sell the general obligation bonds of the City for the purpose of obtaining funds with which to discharge said liability.

I therefore recommend that the Common Council authorize the issuance and sale of bonds of the City in the amount of \$118,677.54, and appropriate the proceeds thereof for said purpose. To that end I am handing you herewith a form of bond ordinance for your consideration. If you authorize the issuance and sale of such bonds, I shall thereupon submit a form of ordinance appropriating the proceeds from the sale of such bonds for the purposes aforesaid.

Dated this 17th day of February, 1941.

JAMES E. DEERY,
City Controller.

February 11th, 1941.
