## MISCELLANEOUS BUSINESS

Mr. Bowers asked that the following motion be read by the Clerk.

April 3, 1944.

Mr. President:

Whereas, In a letter addressed to the City Controller by the City Corporation Counsel, Sidney S. Miller and a copy thereof submitted to this council, certain questions are raised as to the legality of General Ordinance No. 21-1944, and

Whereas, Notwithstanding the fact that said corporation counsel by letter, some time last year represented the codifications of the City's ordinances to be of urgent necessity and later submitted an emergency appropriation ordinance in connection with another codification ordinance of his own writing, now states that pursuant to law now discovered the appropriation, for the same purpose, now provided for in said general ordinance No. 21, is not such an emergency as contemplated by the statute under Sec. 64-1331 and further quotes wording from a court decision cited, to-wit:

“The provision that the budget as originally adopted, or as modified, shall limit the expenditures for the year, clearly means that it shall limit the purposes for which expenditures may be made, as well as the amount of the expenditures; . . . .”

Be It Resolved, That, in view of said opinion said general ordinance No. 21, 1944, be held for further consideration and that all appropriation ordinances now pending before this council be likewise held for further consideration and investigation to determine which of said other ordinances, if any, may also be in conflict with said legal opinion and the statute and case referred to therein.
