Indianapolis, Indiana, January 21, 1946

To the President and Members of the Common Council
of the City of Indianapolis, Indiana.

Gentlemen:

We, your Committee on Finance, to whom was referred General Ordinance No. 7, 1946, which proposed ordinance authorizes and approves the action and proceedings of the Board of Public Works and Sanitation in the matter of the award of a contract for the installation of parking meters in the streets of the City of Indianapolis, reports that said Ordinance No. 7, 1946, and the proceedings and actions of the Board of Public Works and Sanitation relative to the contract therein referred to, have received the thorough and careful consideration of your committee.

Your committee realizes that the installation of parking meters has met with unavoidable delays, due principally to mistaken jurisdiction and faulty methods at the beginning of the procedure. However, it has been and is now the earnest desire of your Committee to proceed in the disposition of this matter as rapidly as possible, and at the same time, know that our action is founded on firm legal grounds that cannot be attacked in court action, which would mean prolonged delay and maybe defeat of the entire proposal.

We have no desire to delay action in this matter, but as elected public officials with the final responsibility in the matter, it is our duty to the city to make certain that any contract entered into by any administrative agency of the city government meets the requirements of the laws and ordinances governing such matters, and that the city receives full value for the obligations it incurs.

The Finance Committee believes further, that before approving the proposed contract, it should make an independent investigation and study of the subject to determine whether or not the meters conform to the specifications and that the proposed contract is in conformity with the contracts contained in the specifications which was the basis upon which bids were received.

Your committee further reports that said ordinance sets forth certain provisions to be incorporated into said contract but all of the necessary terms of said proposed contract are not set forth. The proposed formal contract has not been submitted to your com-

mittee; therefore, before final action can be taken by your committee, and intelligent consideration be given the matter, it is necessary that your committee have for its consideration the formal contract as proposed to be executed.

The Council cannot approve a proposed contract, the form and detailed terms of which they are not given opportunity to consider.

Therefore, this Committee recommends to the Council that said ordinance be held for further consideration.
