REPORTS FROM SPECIAL COMMITTEES.

Mr. Young, on behalf of Special Committee appointed pursuant to resolution adopted November 6, 1893, made the following report :

Mr. President :

Your special committee, appointed pursuant to resolution adopted November 6, 1893, to obtain salary lists from the various departments, and to prepare an ordinance fixing salaries of city employes, where not already fixed by ordinance or otherwise, beg to make report as follows :

Your committee has obtained salary lists from the various departments and herewith submit a copy of the same, marked "Exhibit A," attached hereto and hereby made a part of this report.

Your committee has gone carefully over these lists and has considered them in connection with the City Charter and ordinances fixing the salaries of certain officers and employes. From such investigation and examination we find that the Common Council has never, since the 6th day of March, 1891, which date was the date of the enactment of the City Charter, enacted any general salary ordinance such as appears to have been contemplated by the City Charter. But the Council in certain instances since the taking effect of the City Charter has fixed salaries in open violation of its express terms, and in other instances salaries have been increased by departments in violation of ordinances fixing such salaries.

We find certain salaries have been unduly increased, viz : The salary of the Superintendent of the City Hospital, which was increased from one thousand dollars to two thousand dollars per annum. We would recommend that the salary of the Superintendent of the City Hospital be placed at fifteen hundred dollars per annum.

The salary of the Clerk of the Board of Public Safety was fixed at fifteen hundred dollars per annum. For the same services in other departments only twelve hundred dollars is paid, and we recommend that the salary of the Clerk of the Board of Public Safety be fixed at twelve hundred dollars.

The salary of the Building Inspector we find placed at eighteen hundred dollars per annum. It is the opinion of the committee that his salary should be placed at sixteen hundred dollars per annum.

We recommend that the offices of Second Assistant Fire Chief and Assissant Superintendent of Telegraph be abolished. It is the opinion of your committee, after full consideration, that this can be done without in any manner impairing the efficiency of the Fire Department.

We find that one member of the Fire Department has been receiving an additional compensation of ten dollars per month for repairing hose. We find that the necessity for this extra compensation no longer exists, and therefore recommend that it be abolished.

The office of Humane Inspector is of doubtful legality, and we would recommend that it be abolished.

The powers of the Council at the present time to change salaries, or to effect any great saving in the department, is limited by the manner in which the appropriation for salaries for the current year was made. The salary list in the last general appropriation ordinance was not "stated with as great particularity as was possible in each item thereof," as provided in the City Charter, and the result is that heads of departments have unlimited power to employ help until new appropriations are made.

The Charter provides that all fees shall be paid into the city treasury. We find that the salary of the City Weighmaster has never been fixed under the City Charter, and that no ordinance has ever been passed governing the acts of the City Weighmaster. We herewith submit an ordinance prescribing the duties and fixing his salary and we recommend its passage.

We herewith submit a general salary ordinance embracing all officers and employes of the City of Indianapolis, and we recommend its passage.

Respectfully submitted,

A. A. YOUNG.
CHARLES KRAUSS.
JAS. H. COSTELLO.
