MODIFICATIONS OF SPECIAL ORDERS

SPECIAL ORDERS—PUBLIC HEARING

PROPOSAL NOS. 173, 178-180, 1977. The Council recessed to a Committee of the Whole at 8:00 p.m. The Chair stated the procedures outlined in General Ordinance No. 20, 1977, would be followed for this rezoning hearing.

Councilman Patterson began the hearing with a two minute explanation of reasons for opposing the rezoning. Next Mr. Robert Wildman, attorney for petitioners concerned with Proposal No. 173, 1977, made the following points: (1) the remonstrators are opposed to the proposed thoroughfare to be constructed in the rezoned land, not the rezoning itself, (2) funds have been appropriated for the thoroughfare and (3) if the zoning petition is sustained, this land will be zoned compatible to other parcels along Lafayette Road. Mr. Gerald Moss, attorney for the petitioners of Proposal Nos. 178-180, 1977, continued the presentation stating that (1) more area is zoned commercial in the Castleton area than in the Lafayette Road area and (2) the owners of the proposed rezoned land would donate \$250,000 to the city for the building of the thoroughfare. Mr. Moss then explained a map describing the rezoned area. The petitioners reserved 3.08 minutes of presentation time.

Mr. James McKay, representative of the Moller Road residents, opened the remonstrators' presentation by stating (1) the proposed zoning would facilitate the construction of another shopping center and shopping centers in the area not used fully, (2) the citizens would be bearing the cost of a divided highway use by a private enterprise, and (3) the new thoroughfare would be a danger to children in the area. Mrs. Iva Adamson, President of the Northwest Speed Association, continued the remonstrators' presentation that a change in zoning would increase traffic, deteriorate the neighborhood, and decrease property values. Mr. Freeman Ketron, President of the Speedway Town Board, stated that a portion of construction already done by Speedway will have to be changed if the zoning

sustained. A resident from Pike Township said that citizens of Pike Township would have to carry the burden of the inconveniences the rezoning and thoroughfare would create, but not receive any of the tax revenue created by the businesses. Mr. Jack Monninger suggested the possibility of constructing a road at the north end of Lafayette Square.

There was no public comment. Council members each had two minutes for questions. The petitioners closed by stating the developers would contribute to the development of road and the thoroughfare would meet the need to decrease traffic at 38th Street and Lafayette Road. Mrs. Adamson made the closing remarks for the demonstrators emphasizing the danger of increased traffic for the children in the area. Councilman Patterson finished his closing remarks at 9:42 p.m.

The Chair stated that each proposal would be voted upon separately and explained that a "yes" vote sustained the petition and that 20 "no" votes were needed if the rezoning were to be overturned. The Commission was upheld on each of the following roll call votes; viz:

PROPOSAL NO. 104, 1977. The Chair explained that the County's expenditures would exceed its income by a million dollars if the budget was not reduced. The Auditor stated that \$250,000 of other income could be located, but \$750,000 would have to be removed from the budget. The Auditor made a four percent cross the board county agency reduction and the agencies were required to show where cuts could be made. All agencies had made favorable responses except the Sheriff's Department which stated it could not absorb all which needed to be cut and the Marion County Home which had not responded. The Chair instructed the Chairmen of the County & Townships and Public Safety & Criminal Justice Committees to review with the Auditor all agencies' budgets within their jurisdiction by the next meeting.
