DEAR SIR—I have been directed by the Department of Public Health to ask you to request the Council to make an appropriation of \$200.00 to buy our milk inspector a horse.

The inspector has been using his own horse for several months and is unable to do so any longer. The Department had two old horses that were practically unfit for further use which we traded in for one good horse which is used by the disinfecting inspector.

Kindly ask for the necessary appropriation at the next meeting of the Council.

INDIANAPOLIS, IND., August 19, 1907.

To the President and Members of the Common Council of the City of Indianapolis:

With the introduction of General Ordinance No. 80—1907, you will please observe that there are no changes made in the compensation of any members of the fire force except that of the substitute firemen. The pay of the substitute firemen in the new ordinance increases their pay to that of two (\$2.00) dollars per day. Under the present ordinance now in force they receive only \$1.30 per day, of which you are all aware that this is an outrageously low price, one of which you would find it impossible to employ men to perform the most menial kind of labor at the price now paid our substitute firemen.

Their labors are more arduous than that of the regular firemen. We should encourage good men to seek to become firemen by paying the beginners enough salary at least so they can live until they have reached the higher grades.

Hoping the committee to which this ordinance shall be referred to will make a favorable report on this ordinance with its passage at your next regular meeting.

Respectfully yours,

THEO. PORTEUS.
