

Order, Order in the Class!

*Order, order in the class,
We've finally come to the end, at last!*

*We loved the stories about your swimming days,
And how when negligent you will pay.*

*Duty to instruct, duty to care,
At all times we must be aware.*

*To properly supervise and to plan,
To provide a safe place the best you can.*

*Expert advice from our text author Betty,
Taught us to always be prepared and ready.*

*Establish, communicate, and enforce regulations,
Before you're involved in serious litigation!*
